Free Immunizations Available for Mini-Cassia Area Children

South Central Public Health District (SCPHD) through a generous donation from State Farm Insurance is offering free immunizations to children 13 months to four years old in the Mini-Cassia area.

The free clinics (by appointment only) are scheduled for December 16 and 19 from 8:30 a.m. to 11:30 a.m. at SCPHD offices in Burley (2311 Parke Ave., Unit 4, Suite 4) and Rupert (1218 9th Street, Suite 15). Funds are being provided by State Farm Insurance promoting the importance of childhood immunizations. These funds will cover the cost of the usual administration fee for parents without insurance or the inability to pay. These clinics are **by appointment only** and will be offered while free immunization funding is available. Children signed up for these free clinics will also receive a teddy bear compliments of State Farm Insurance.

For more information, call Lisa Klamm, SCPHD Immunization Coordinator, at 436-7185.
